PRINCIPAL'S MESSAGE

Dear Marauder Parents,

Q4 and spring are both solidly underway now. I would suggest that Q4 is doing a little better than our springtime weather. Our outdoor sports teams have started and are braving the elements though!

As your kids have been in school for several years now, I'm sure you've figured out that teachers are planners. This is the first quarter that we have had with no Covid restrictions in place or on the horizon in two years (touch wood!), so we have put some things into place. You will be happy to know that your kids are starting to have a "real" high school experience!

On the learning side of things, the late policy has been going well. It's been heartwarming to see that your kids care about their education and are trying hard to meet the raised expectations that were presented to them. They are anticipating the bell and scurrying to where they need to be. As always, there are a few stragglers but overall things are going much better and teachers are able to start their lessons on time for a better learning experience.

On the fun side of things, last week, Torch Week, was a blast! There was so much laughter and such a positive buzz around the school. You never go wrong feeding teenagers and the pancake breakfast was a big hit on Tuesday. At lunch times in the common area we had a Rubix cube competition, balloon stomp competition, and root beer pong. The kids just let loose, there was music playing and commotion all over. It was great!

There's more to come! Take care.

Ms. Jensen

Reaching Your Child At School

Cell phones can be a distraction and a disruption to classroom learning. Our teachers and your kids have worked hard together to come up with routines so that cellphones are not disrupting class. Here are some things for parents to know about communicating with their kids while they are at school.

During class time, your child has most likely turned off the phone and put it in a pouch on the classroom wall. They may not be able to respond immediately.

You can contact your child during their designated lunch hour:

Mondays: 11:25 - 12:25

Tues-Fri: 11:03 - 12:03

We appreciate your support in reaching your child directly to minimize disruption to classroom instruction. Of course, we are happy to assist in an emergency.

The Memorial Composite High School Choir proudly presents "Belonging." We commissioned this piece from Canadian composer, Marie-Claire Saindon, based on a poem by Albertan poet, Paul Grindlay. It has been an honour to premiere this work; to bring life to new art, and to amplify the spirit of connection we all need.

"Belonging"

Memorial Composite High School's Belonging Statement

At Memorial, each of us contributes to inclusion in our own individual ways. We recognize that we are still learning and continuing to grow. By examining ourselves and our biases, we can start conversations and strive to be better. We are willing to challenge our ways of thinking and open ourselves to different ideas. Our staff, students, and school community are committed to being respectful and listening to the concerns of others. This includes being kind, helping each other, and reaching out when needed. To be an equitable school means we must support each person in a way that best suits their unique needs. Together we will continue to create a safe, caring, and inclusive school community. Creating a culture of equity continues to be important work and is not easy; however, MCHS is resilient and committed to growing and rising to the challenge.

Together we will ensure the Torch is Held High.

For Families of Grade 9 Students and Students New to MCHS: First Time High School Parents Video

[First Time Parent Information Video](#)

MCHS has produced an informational video which provides an opportunity for parents/guardians who have a child entering high school for the first time to have clarification on what the high school transition and course selection process will look like.

Although we won't have the traditional in-person parent meeting, we hope that the information shared will help first time MCHS parents to become familiar with making the move to MCHS, including registration and course selections. As well this will allow parents to be able to put a face to the names of school administration and counsellors.

If you were not able to attend the virtual open house, you can still find all of the programming videos on the MCHS MCHS website in the [Our Programs](#) dropdown menu.

More information on registration can be found on the [PSD website](#) in the [Registration Quick Link](#).

Parkland School Division offers Summer School for current and incoming high school students at [Connections For Learning](#). Students over age 18 are also welcome to register, and select courses are open to students who have completed Grade 7 and/or 8.

Have you set up your MyPass Account Yet?

myPass is the self-service website for the education documentation of Alberta students. It is very important that all students set up their myPass account while in high school, but it is particularly important for Grade 12 students. This is the only way that Grade 12 students will find out their diploma exams marks.

Go to <https://mypass.alberta.ca> and "Sign in With an Education Account". Students require their Alberta Student Number (which can be found on PowerSchool) and a personal email address. Do not use your psdblogs account because it will be deactivated when you graduate. Please stop by Student Services if you have questions or require assistance.

Parents - please check out our NEW [Student Services Google Site](#). You will find information on counsellors, scholarships, tutoring & more!

Graduation

Letter sent to Parents/Guardians of the Class of 2023

MEMORIAL COMPOSITE HIGH SCHOOL
LEARNING · CARING · RESPECT

April 8, 2022

Greetings, Parents and Guardians of the Grads of 2023.

We understand that conversations regarding Graduation 2023 are starting to happen. Normally, we wouldn't be reaching out to you until September, 2022; however, there have been a few concerns which we would like to address now.

This year, we have informed our current Grade 12 families, via email and our newsletters, that our Graduation Celebration will no longer include a dinner and dance. Over the past number of years, all three of our high schools have noticed a decline in the number of Graduates who choose to attend the dinner and dance portion of the event when compared to the growing numbers who attend the ceremony only. Increasing costs associated with these tickets and Grad, in general, have contributed to a two-tiered Graduation.

This is, of course, concerning for our schools as we always strive to provide equitable and inclusive opportunities, learning or otherwise, for ALL our students. Graduation can be no different. All three of the area high schools are committed to hosting Graduation Ceremonies which are accessible to ALL of our high school Graduates during the given school year. The Graduation Ceremonies for the Class of 2023 will be no different.

One of the other complexities we have been grappling with is the liability that our schools and divisions have been assuming with the event. We have been sponsoring an event where there is alcohol served and there are minors present. This has also been placing teachers directly in violation of their professional expectations.

For those families who are eager to continue with a large-scale dinner and dance Graduation experience, SPACHS, MCHS and SGCHS's Administrations are open to supporting each school having a Parent Committee who would organize the event, provided each school's individual Parent Committee offers access to ALL the respective school's Graduates. The support provided would be limited to sharing relevant vendor and business contact information, budgets and sending out initial communication to Grads and their families. If these committees were to proceed, our involvement would be such that we would not be assuming any of the potential liability. This, in and of itself, will limit our degree of involvement.

We look forward to working with you as we support your student's Graduation Ceremony next year. For the remainder of this year, our attention will be directed to the Grads of 2022 and their families.

Sincerely,

Terry Lynn Guimond

**MAY

The Memorial Composite High School Rotary Interact students will be hosting a Bike-A-Thon on Thursday, May 19th, 2022. The event is organized to provide Memorial students, staff, and others from the community, including the Stony Plain Rotary Club and dignitaries from the Town of Stony Plain, with the opportunity to participate in an all-day event that will provide awareness and raise funds for various International or Local Projects.

This year the Interact students from Memorial Composite High School have chosen to partner with the Alberta Cancer Foundation. Many people have been impacted by cancer in one way or another and our leadership students are providing an avenue for the school and community to support cancer research, as well as, enhance earlier detection and improve cancer treatment methods.

If there are any families, businesses, companies, etc. that would like to sponsor the Bike-A-Thon, we are looking for any support we can get. Support for the Bike-A-Thon could include monetary donations, prizes for participants, or treats for all participants (i.e. stickers, pens, coupons, sunglasses, bottled water, juice boxes, granola bars, etc.).

We would like to include all donor company/organization names and the associated logos on our social media, in our newsletter, and in the gym on posters and in pamphlets on the day of the bike-a-thon.

Please contact Brittany McGonigal (brittany.mcgonigal@psd.ca) and/or Christina Thomas (christina.thomas@psd.ca) if you are interested in sponsoring the Bike-A-Thon or if you have any questions!

TORCH TIME

IMPORTANT REMINDERS:

- Monday Torch Time is integrated into class time and therefore, Mondays will run on a full day bell schedule with dismissal continuing to be at 3:20 pm. This changes lunch time on Mondays to 11:25 am - 12:25 pm.
- Tuesdays to Fridays will continue to have Torch Time scheduled from 2:40 - 3:20 pm and lunch will run from 11:03 am - 12:03 pm.
- Students and the school are still accountable for the whereabouts of students until the end of the full school day. All students need to be signed up for a Torch Session every Tuesday to Friday through PowerSchool.
- Parents and teachers can also sign up a student for a Torch Session. Students cannot unenroll from those sessions. There is a video below explaining to parents how they can sign their child up for a session.
- If a student is in good standing (meeting the expectations of their teachers, parents, and themselves) and have all of their assignments submitted to a passing level, they may use that time for a personal interest Torch Session (Open Gym, Fitness Training, etc.) or sign up to be Off Campus With Parent Approval. Students are also encouraged to sign up for academic sessions if they wish to improve their marks.

MEMORIAL BUSINESS

In Entrepreneurship, students get to start their first business. As a result, they get to hear from several guest speakers who are entrepreneurs. They will also get to travel on a field trip to visit local entrepreneurs and a business incubator. On April 25, the students were lucky enough to have Colin Christensen speak to them about "Innovation" and how to generate ideas for a business. He spoke for about an hour. On May 9, we have a graduate of MCHS coming to speak to the class. Brendan Willey will be speaking about his experience and businesses. He started by taking Entrepreneurship at MCHS and has taken his experience and developed it further. Now he has several startups "on the go". On Friday, May 13, the students will learn about a great opportunity. Amanda Durand and Sue Clynes will be coming for an in-person visit to explain the YETI program. YETI stands for Young Entrepreneurs Training Initiative. High school students are eligible to receive \$500 to start a business and then operate it. The program runs through the summer and the kids get to learn from experts in the field to help them develop their business ideas.

Like in Entrepreneurship, Legal Studies exposes students to a variety of guest speakers, field trips, and a mock trial. On April 28, a lawyer is coming in to speak to the class about Landlord and Tenancy in Alberta. As the quarter progresses, the students will also hear from a crown prosecutor, an RCMP homicide detective, our School Resource officer, a fish and wildlife officer, and a travel agent. They will also travel to the Court of Queen's Bench in Edmonton.

A special thanks to the sponsors who generously support the Business Competition Club: Birdsell Grant LLP, Hawkings Tinney LLP, and Kevin Mullane Wealth Management.
