Japanese Student Event: Explore Japan

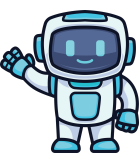

Explore Japan is happening on December 12, 2024 in blocks 1, 2 lunch and block 3 for this semester's Japanese students.

They will be experiencing Japanese culture learning Japanese calligraphy, tea ceremony and trying on kimono and having a cup ramen lunch. The Edmonton Japanese Community Association will be bringing in volunteer instructors to come out to teach our students about these cultural events. This is done with the support of the Consulate General of Japan and the Japan Foundation as well as the Edmonton Japanese Community Association. This is a wonderful event and we will be visited by the Vice Consul of the Consulate General of Japan. This is an incredible opportunity for the students to experience Japanese culture with experts in their fields. What an exciting event!!!

Legal Studies Class Visits University of Alberta for Mock Trial Experience

Legal Studies students had a thrilling mock trial experience at the University of Alberta Law School on November 29th. After weeks of preparation, including expert advice from local lawyers and police officers, they fully immersed themselves in the courtroom drama. They researched, argued, testified, and even deliberated as jurors, ultimately finding the accused guilty of manslaughter. This experience not only deepened their understanding of the legal system but also honed their critical thinking, public speaking, and teamwork skills.
